

LEVERAGE

Colep's Young Graduates Program

Rise **UP** your career start!

Connecting Talent with Career!

Our Young Graduates Program is for you that have recently graduated and have a desire to work for an international company with high growth.

We are a leading global player in the consumer goods packaging and contract manufacturing industries with presence in Europe, America and Asia, where the passion for excellence and value creation are the key words for success.

Everything we do at Colep starts with people and for us You are unique.

If you're a graduate full of energy, entrepreneur and committed to success. If you have excellent innovation mind-set and teamwork skills. If you're results oriented and open to change.

If you have a university master degree in Engineering or Management/Economics and a maximum of three years working experience. If you speak English fluently and above all willing to work for a global company to have an international career.

Then we can offer you the access to a world of opportunities with the chance to join us. During **24 months** you'll be fast tracked through the heart of our business **with training, coaching, with Challenging projects and support along the way.**

To apply, please follow the instructions in:

www.wechange.pt/carreiras
